We're on it.

Mark/John,
Do you want this output as a kml, xls, or a GPX file?

Hi Eric

Ops will be requesting ASPECT to fly over NPL Sites to determine if they are accessible. The list is on the daily Sitrep, but I will need the GPS coordinates. John Meyer indicated your group may have that information. Can I please get this information so we can get started on the assessments?

Thank you
Chris
